A HURRICANE'S WORK.

Two Barges and a Tug Dashed to Pieces.

Many Lives Saved by the Bull Life-Saving Crew.

The Deadlock in West Virginia's Legislature Broken.

German Officers deny the Story of Samoan Troubles

On the Breakers.

BOSTON, January 21.—Captain Clair, with the tug Morse, started from Boston last Saturday for Portland. The tug had two barges in tow. At 11 p m Sunday, when off Race Point she encountered a terrific hurricane with a heavy snow storm. About 2 30 this morning she struck on Harding ledge. When the tug went ashore the barges Josephine and Bangor in tow dragged heavily and soon the ropes parted. As soon as the Morse struck she began to leak and filled rapidly, compelling her crew of 18 to take to the rigging. Fireman Carleton volunteered to attempt to reach shore in a yawl boat but was drowned soon after. The Bull life saving crew sighted the tug and shot a life line on board. It was made fast and all the men on board were rescued in an exhausted condition. The tug and both barges will be a total loss. The barge Bangor, with a crew of four men, went down almost immediately after striking. All of the crew were lost as far as known, except the captain. The Josephine, after striking on the ledge, was lifted off by a sea and driven with great rapidity toward the shore. She was soon dashed to pieces, and two of her crew drowned. The others reached the shore after terrible suffering. The rescue of the seven men from the Morse makes a total of forty-five lives saved thus far this season by the crews of the Bull life saving crew.

Dead Broken.

CHARLESTON, January 21.—The deadlock in the senate was broken late this evening on the 128th ballot by electing R. S. Carr, the Republican labor senator from this city, president. The balance of the organization will take place to-morrow. The deadlock has lasted since the 9th instant.

The Germans Silent.

AUCKLAND, January 21.—The German war ship Eber, which left Samoa on the 18th, arrived here to-day. Her officers denounce the reports sent from Apia by way of San Francisco and declare that the statements regarding the alleged destruction of American flags burning the houses of Americans and firing on British officers is unfounded.

Mrs. Gould's Will.

NEW YORK, January 21.—The will of Helen S. Gould, wife of Jay Gould, was filed at the surrogate court today. The executors are Jay Gould and the deceased's brother Daniel S. Miller, Jr. She bequeaths all her jewelry, wearing apparel and silverware to her two daughters—Helen M. and Anna. The will sets apart $30 000 for each of her children. Her real and personal property is divided between the children who share and share alike.

Fifteenth Congress.

SENATE.

WASHINGTON, January 21.—After preliminary matters the senate took up the tariff bill. Mr. Allison asked unanimous consent to have debate limited by the ten minute rule after 3 o'clock to-day. Mr Vance objected.

The question being on the amendment offered by Ransom last Saturday increasing the rate on rice Morgan read a speech controverting some of the positions taken by Brown. The discussion of the rice question became mixed up with the sugar question and Gibson advocated protection for both rice and sugar. At the conclusion of the discussion Mr. Aldrich suggested that the rice paragraph go over until to-morrow and that in the meantime the finance committee would examine the facts and figures presented by the senator from Georgia (Brown). The suggestion was agreed to and the rice paragraph went over until to-morrow.

On the suggestion by Vest it was agreed that the general debate shall go on to-day until 5 o'clock, after which the ten minutes rule will be enforced and all debate will to-morrow at 5 o'clock when the voting on the bill begins.

Schedule K, on wool and manufactures of wool, was then taken up. Vance moved to amend the first paragraph of it by making it read "All wools of the alpaca goat and other like animals shall be admitted free of duty;" and addressed the senate in support of the amendment. After speaking some time Vance yielded to Allison, who reported several amendments to the wool and woolen schedule. The amendments which were sent to the printer without being read are to the following effect: In paragraph 346, taxing wools of the first and second class at 11 cents per pound, the words "And second" are struck out, and words "Wools of the second class at 12 cents per pound" are added. In paragraph 346 which taxes wools valued at not over 12 cents a pound, the 6 cents a pound tax is increased to 8 cents. In paragraph 347, relating to wools of the third class, valued at 12 cents or less per pound, the tax is increased from 2½ to 4 cents per pound. In paragraph 348 relating to wools over 32 cents in value the tax is increased from 6 to 8 cents. In paragraph 354 the words "and worsted" are inserted twice so as to read "woolen and worsted cloths, woolen and worsted shawls and the rate of 40 cents per pound on cloths valued at above 60 cents a pound is increased to 65 cents. A like change is made in paragraph 355 increasing the rate on flannels blankets, etc., valued at above 60 cents per pound from 40 to 45 cents per pound.

Paragraphs 356 and 357 are amended by increasing rates in two provisions applying to goods weighing over four ounces per square yard from 40 to 45 cents per pound. In paragraph 358 as to ready made clothing the rate is increased from 40 to 45 cents per pound. In paragraphs 361, 362 364 365, 366 367 and 368, the carpet ad valorem rate is increased from 30 to 35 per cent.

Under call of states for the introduction of bills for reference. Vandever of California introduced a joint resolution requesting the president to open negotiations with Mexico for the cession of Lower California to the United States.

Payson of Illinois introduced by request a long bill incorporating the Lexington Interstate Railway company and demanded its reading. This completed the introduction of a bill to establish a uniform system for bankruptcy and called for its reading. Payson had a double object in his filibustering, one of which was to force the friends of the Gunnison and to accept certain amendments, the other being to prevent the consideration of the Union Pacific funding bill under suspension of the rules. Both these points were conceded to him and he withdrew the bankruptcy bill.

Weaver, of Iowa, then began filibustering by introducing and demanding the reading of a long preamble and resolution calling on the inter state commerce commission for certain information, also a resolution calling on the attorney general to report what steps have been taken to secure the judicial enforcement or forfeiture of the franchise of the Pacific railroad companies. This is an old resolution having been offered in the house several times.

Anderson, having become aware of the tacit agreement that the Union Pacific bill would not be called up refrained from resorting further to the dilatory tactics and the call of states was proceeded with, but another obstacle to the speedy dispatch of business was thrust into the house by Bower, of North Carolina, who introduced a bill for the repeal of the tobacco tax and moved its reference to the committee on war claims. The motion was not agreed to and the was referred to the committee on ways and means.

Martin of Texas offered, for reference, a long preamble and resolution about the evils of the existing tariff system and declaring that a panacea for all our ills is to adopt, without delay, a code of repealing statutes, repealing all privileged class legislation. It further instructs the committee on ways and means to report, without delay a bill repealing all tariff legislation, and at the same time to report a bill imposing 20½ per cent ad valorem on all foreign imports into the United States thus taxing all capital invested in foreign merchandise alike, and at the same time affording the same protection to raw wool and hides of Texas in the Boston market which is given to manufacturers of boots and shoes in Massachusetts and protecting labor in all part of the union alike and allowing every American to know that the tax that he pays and the protection which the government offers is equal and exact justice to all men and afforded to every individual alike.

J D Taylor of Ohio introduced for reference a joint resolution directing the officers in charge of any government building which may be used on the occasion of the inaugural ball not to permit wine, beer or other intoxicating liquors to be sold or served to any person on the occasion of the ball.

The call of states was concluded and Warner of Missouri withdrew his pending motion to suspend the rules and pass the Oklahoma bill. In lieu thereof he moved to suspend the rules and adopt a resolution providing for a final vote on that bill at 4 o'clock on Thursday next with permission to Payson to offer an amendment to the section of the measure relative to a town site. After some debate the motion to suspend the rules and adopt the resolution was agreed to.

Herbert of Alabama, from the committee on naval affairs reported a naval appropriation bill.

Under instructions from the committee on Indian affairs, Peel, of Arkansas, moved to suspend the rules and pass the bill authorizing five civilians of the said nations of Indians to lease lands within their boundaries for mining purposes subject to the approval of the secretary of the interior which was agreed to.

On motion of Montgomery of Kentucky the rules were suspended and a bill passed to increase the maximum amount of international money orders from $50 to $100. Adjourned.

Anxiety Over the Samoan Situation.

WASHINGTON, January 21.—There is considerable anxiety and apprehension felt at both the state department and German legation concerning the state of affairs at Samoa. The German minister avoids all interviewers. Secretary Bayard says that the state department has not received any information of an alarming character from Samoa since he transmitted all the correspondence on the subject to congress last week. All subsequent dispatches he says are rather of a reassuring nature. "The lives and property and treaty rights of all Americans," said the secretary, "will be protected and so will the Samoans in their right to self government without any interference from without."

To Frustrate the Combination.

WASHINGTON, January 21.—Representative Anderson of Iowa, introduced in the house to day a resolution calling on the interstate commerce commission for all information in its possession in regard to the recent meeting of railroad presidents in New York the terms of the agreement reached and what legislation is necessary to frustrate this agreement or combination for the prevention of competition.

Postponement of the Vote.

WASHINGTON January 21.—An agreement was reached to day in the senate by which the vote on the tariff bill will be postponed from 1 until 5 o'clock to morrow. The speeches beginning at 5 o'clock in the evening will be limited to 10 minutes.

Asking for a Receiver.

NEW YORK January 21.—Application was made before Judge Barrett this morning for the appointment of a receiver for the North River Sugar Refinery company in accordance with the recent decision declaring the charter forfeited for connection with the sugar trust. The decision was reserved.

Phelps and Samoa.

LONDON, January 21.—United States Minister Phelps held a conference to day with Lord Salisbury on the Samoan affairs.

CITY COUNCIL.

Well Attended Meeting of the Board Last Night.

A Liquor License Refused the Roswell City Drug Store.

Electric Fire Alarm not Yet Settled Upon.

The Roswell City Plat Matter Finally Adjusted.

At the regular meeting of the city council last night there were present Mayor William Strickler and all of the councilmen but Aldermen Hornbaker and Callaway.

A communication was received from W. B. Goshen and Simon Bros., owners of a line of two inch water pipe in the alley between Wasatch avenue and the Atchison, Topeka and Santa Fe railroad, and extending east on Costilla street to El Paso street, asking that the city purchase it as there were a number of property owners who wished to receive water from it.

The petitions which have been circulated asking that $85,000 worth of water bonds be issued were read. It was found that 241 tax payers had signed them so far.

Alderman Bartlett, from the fire committee, reported that the committee had heard that the Gamewell alarm system, which the city had been contemplating adopting, had been abandoned by Pueblo and another system substituted.

Chief Ferris addressed the council to explain the reason why Pueblo abandoned the Gamewell system.

Alderman Lawton submitted A. W. Sweet's subdivision of the southeast quarter of the southwest quarter of the northeast quarter of section 6, township 13, south of, range 66 west.

Lawton's second subdivision of blocks 239 and 240, was accepted by a unanimous vote.

Alderman Stubbs reported that the gas lamps in the parks were not lighted although the city had contracted that they should be. The matter was referred to the street and ditch committee.

The police committee, to whom was referred the petition of granting a liquor license to the drug firm in Roswell City, reported that they thought it inexpedient to grant the license. The report was accepted by a unanimous vote. Will T. Nelson, the petitioner, is about 27 years of age.

The petition asking that a water main be laid in Hewitt's addition was granted by a unanimous vote.

The report of the city treasurer was read, received and placed on file.

City Attorney Patterson announced that it had been decided that it would be well to introduce an ordinance regulating the use to be made of the $85,000 water bonds which are to be issued. He had prepared such an ordinance but thought that it would probably not be well to introduce it until the petitions had received the signatures of a majority of the taxpayers.

After some discussion as to advertising for bids for water pipe, Immediately Alderman Lawton moved that when the council adjourn it be to meet again on Thursday night.

The following bills were read and allowed:

City clerk's department	$25 80
Police account	9 00
Water Works account	21 80
S. M. Orem, blacksmithing	2 50
D. L. Welsh, work	16 25
C. C. Co	16 25
John Jones	6 50
[illegible] work	6 5
Wm Hancock, painting	3 25
J Rogers, hauling	15 00
J F. Burns	15 00
Fuller Ice and Coal Co., coal	14 25
J. K. Pratt, street sprinkling	3 50

The city attorney reported that in the matter of the Roswell City addition, it had been found that it would be almost impossible to have the streets conform to those of the city.

Alderman Skinner asked to see the new plat, which was at the city engineer's office, and while he went to fetch it the council proceeded to consider other matters.

The city clerk read a bid from Frank Finnegan offering to lay stone sidewalks for the city at the rate of 33 cents per square foot. This was the only bid, and upon motion it was rejected.

Alderman Lawton spoke of the fact that small-pox was reported prevalent in a number of neighboring cities and called attention to the fact that the city had had a great deal of trouble when the disease appeared here last spring. He thought the board of health should be empowered to make rules, ordinations to properly treat the disease should it appear here again, and he introduced a resolution to that effect. It was passed without opposition.

On motion of Alderman Stubbs, the motion made at the last meeting to rescind the resolution to admit the Roswell City addition was taken up for reconsideration.

On motion the vote requiring the addition to be re platted was rescinded.

The clerk read a number of extracts from the Pueblo press to show that the Gamewell fire alarm system which had been abandoned was better than the one then in use.

On motion of Alderman Bartlett the chairman of the fire committee, the mayor and the chief were instructed to visit Pueblo and examine into the reason why the Gamewell system was abandoned.

On motion the matter of having a telephone placed in the house of the water commissioner at Manitou was referred to Water Commissioner Frost.

On motion the water commissioner was instructed to turn the water into the pipes of the Roswell City addition.

On motion of Alderman Lennox the ordinance committee was instructed to

Bloody Work at Manitou Last Night.

[illegible] the Denver, Texas and Ft. Worth road, was the scene of a bloody affray on Sunday night, in which the latter stabbed several times another man who was conducting a [illegible] house. The facts as they could be learned are as follows: A party of the road gangers from McKeenan started to Colorado City late in the afternoon for the purpose of finding that they could not make connection on the railroad, stopped at the junction. They repaired to a saloon conducted by Pete McNulty in a tent and proceeded to get drunk. In the party was James Phillips, Ed Kelley, William Graham and Daniel McDonald. About 9 o'clock the crowd got to quarreling and Kelley and Phillips went out into the dark to fight. Kelly returned shortly after and reported the quarrelling. He had a large pocket knife which he flourished around. He made a stab at Graham which cut his clothing and slightly grazed the flesh. Then he clinched with McDonald and managed to bite and scratch him on the face in a terrible manner.

A short time after it was learned that there was a man lying near the depot, and the saloon keeper and others went down there and found Phillips bleeding from some knife wounds. He was taken charge of by the men, and yesterday morning Sheriff Jackson and County Physician Strickler were sent for. They went out and brought the wounded man to the county hospital in this city. The sheriff began a search for Ed Kelley as soon as he learned the facts but he had disappeared. The sheriff returned to the city with the wounded man but left his deputy at Falcon to continue the search. There is no doubt but Kelley will be taken.

Dr Strickler upon examination found that Phillips had three serious wounds—one on the right arm, one between the shoulders and one in the back in the right loin. They are all bad cuts, but the doctor thinks the man will be able to pull through.

Yesterday afternoon McNulty, the saloon keeper was brought to town and fined $20 and costs for keeping a disorderly house. He had not paid the fine at a late hour yesterday afternoon, and expected to go to jail for it. Kelly is a young man of about twenty-five years of age, and Phillips is about forty.

The [illegible] Gazette [illegible] reported that a [illegible] will give a grand concert at an opera house to-morrow evening. All those who can sing or make music should be [illegible]. The Denver News, [illegible] of their [illegible] that only [illegible] Union Pacific [illegible] Rocky Mountain [illegible] last, evening gave the first of their two performances in Denver at the First Baptist church. The spacious building was well filled with a delighted audience of Denver's culture and refinement. Holding first rank among the concert troupes of the country she has in the course of her brilliant professional career displayed her wonderful mastery of the violin in almost every city of importance in the world. In her the critic almost recognizes his ideal and fails to detect the slightest tendency toward the mechanical so characteristic of modern instrumentalists. Abstracted, almost oblivious to the fact that she is performing for the amusement of the public, Miss Utto plays from her soul and playing, seems to coax the thoughts of her listeners to a far off dreamland, where the stern affairs of life are lost in the contemplation of melody and song. Whilst the madame is par excellence, the bright and shining star of the company, she is supported by an excellent trio of vocalists, consisting of Miss Paula May, soprano, Mr. Louis Miller, tenor, and Mr. Frank A Fuller, basso. Signor Sebastian Martinez is the pianist of the company."

The county commissioners went up the Ute pass yesterday to view a new road near Green Mountain Falls.

Stock Market.

NEW YORK, January 21.—The stock market was a divided one to day with southwesterns weak and dull. Other stocks were remarkably strong, and the general tone developed strength as the day wore along and the result of the day's trading is to leave the list generally fractionally higher than at the close on Saturday. The general list reached the best price of the day towards delivery hour after which grangers caused a fractional set-back and gave the market a close and rather heavy appearance. Atchison shows a net decline of ½. Pullman rose 4. Delaware and Hudson 2½. Governments dull and strong. Petroleum opened firm at 84¾ and after the first sales became strong and advanced to 85¾. A slight reaction then occurred and the market closed strong at 85¾. The sales were 1,370,000 barrels. Money on call easy 2½, last loan 2, prime paper 4 to 5. Lead is weaker, domestic [illegible] 3.85.

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $350

To $1,000 a full-size lot 50 by 190 feet—do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages ACROSS THEM, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.,

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North past the "Mess Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

The Great Glass Manufacturing Works

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS
ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

The most thorough preparations are being made by the Jackson boys to make the affair a success. Each member has appointed himself a committee of one to see that all who attend will have a nice time. A large number of tickets have been sold, many merchants and others buying who do not expect to attend, but simply as a compliment to the boys. The supper is to be served by L. [illegible] R. W. STEELE, Manager.

The Hon Benjamin F Butler has expressed his opinion on the cabinet. He wants to see good men get the portfolios So say we all

The Senate tariff substitute will come up for a final vote this evening. The indications point to its passage by a strictly party vote with the possible exception of Senator Brown of Georgia who may vote with the republicans on this occasion

The members of the board of state capitol commissioners have held a conference with the committees of both houses of the legislature on the construction of the building. The principal point of discussion was the question of whether the capitol is to be built of sandstone or granite but no definite action was taken. Let it be granite by all means.

The efforts of the administration to extend the civil service rules would have been more generally commended had they been made before the election. Postmaste. General Dickinson has asked the house committee on postoffices to insert a clause in the annual appropriation bill providing for the classification of clerks in first and second class postoffices. The suggestion is a good one; but just at this time savors too much of an anxiety to protect democratic officials from removal. Civil service reform and Mr. Dickinson were strangers not long [illegible] and the friendship which has sprung up between them is somewhat remarkable.

The twenty-first annual convention of the National Woman's Suffrage Association began its session in Washington yesterday. The late municipal election in Boston where thousands of women went to the polls to vote against the supremacy of the foreign element will tend to draw more favorable attention toward the movement of this association than it has ever received before. Not a small part of the credit of the decisive victory which was won for American principles in Boston last December is due to the women who aroused to the danger which threatened their city and their homes, went to the polls to cast their votes for "America for Americans." Women suffrage may be a long way off, but such incidents as this do not hurt the cause.

There is much useless discussion going the rounds as to what claim the United States has upon Samoa, and whether or not it would be a good plan to annex the islands. No possible good could come to us by annexing them. In fact we refused the request of the inhabitants to do this very thing not long ago. We enjoy commercial privileges and have a coaling station there but no closer relations are to be desired. They would only serve to entangle us in European broils. That great American, Monroe, who so strongly advocated the exclusion of foreign interference in America, was just as earnest in his warning against American interference with European affairs, and the annexation of Samoa would be directly opposed to that doctrine. The principle thing now is to preserve and protect our treaty rights. If the stories which reach us from Samoa are not exaggerated those treaty rights are sadly in need of protection. Not only has Germany broken the treaty practically by instigating a rebellion against the king but she has, if reports are true, maltreated American citizens, destroyed their property and insulted our flag for all of which reparation should be promptly demanded. And Secretary Bayard says it will be done. But as for the United States getting mixed up in the scramble for possession of Samoa which is being carried on by Germany and England, it is entirely opposed to our usual diplomatic policy.

SENATE.

DENVER, January 21.—The senate met at 10 30 o'clock and approved Friday's journal. After passing through the routine business of hearing reports of committees they went into committee of the whole on the general order, with Senator Christian in the chair.

The first bill taken up was senate bill No 4, a bill for "an act to establish a state board of pardons and prescribing its powers and duties." The judiciary committee reported the bill for consideration in committee of the whole without recommendation and it excited considerable discussion, but it was finally agreed to report it back to the committee on revision. A recess was then taken until two o'clock.

The afternoon session was consumed in reading reports recommending the reference of various bills to the committee of the whole

The senate then went into executive session on the nominations of John J Ryan and W F Emigh as trustees of the agricultural college On the doors being opened the nominations were confirmed after which the senate adjourned

HOUSE.

A quorum was barely present in the house this morning at 10 30 o'clock to answer to the roll call, many of the members being still out of town having gone home on Friday to spend Sunday

The entire morning session was taken up in hearing reports of the standing committees

On reassembling in the afternoon the house went into committee of the whole on the bill to exempt certain wages from attachment and execution The bill was referred to the committee on revision

Mr. Phillips of Fremont presented a petition urging the passage of the bon bill providing for the building of a soldiers' home, after which the house adjourned

St Paul's Blaze

ST PAUL Minn January 21.—At eight o'clock this morning a fire was discovered in the Grand opera house The fire originated in the gentleman's rest room during the absence of the night watchman At 9 o'clock the building was a complete ruin only the walls remaining standing Some flags on the building adjoining the opera house caught fire but were extinguished with small loss except by water Heat power was furnished from the boilers under the opera house to many buildings in the neighborhood and when the supply was cut off much inconvenience resulted as the thermometer is 14 degrees below zero The afternoon papers were crippled for want of power The loss will reach $200,000

Loss at Key West

WASHINGTON, January 21.—The secretary of the navy to day received a dispatch announcing the arrival of Admiral Luce with the Galena at Key West Fla All are well on board.
